Services provided by NH-SENKO Logistics Center as the 3PL base at the Busan New Port utilizing FTZ features of Busan Port, an International Hub Port.

International Hub Port - BUSAN PORT

It operates about 400 regular service lines per week under the stable port management with less natural disasters like typhoons or fogs and etc. Free Trading Zone - BUSAN NEW PORT

Busan New Port is designated as FTZ (Free Trade Zone) which makes it possible to store, stock, and process foreign cargos and non-residents to store & control inventory in this Korean government's special bonded area.

Um

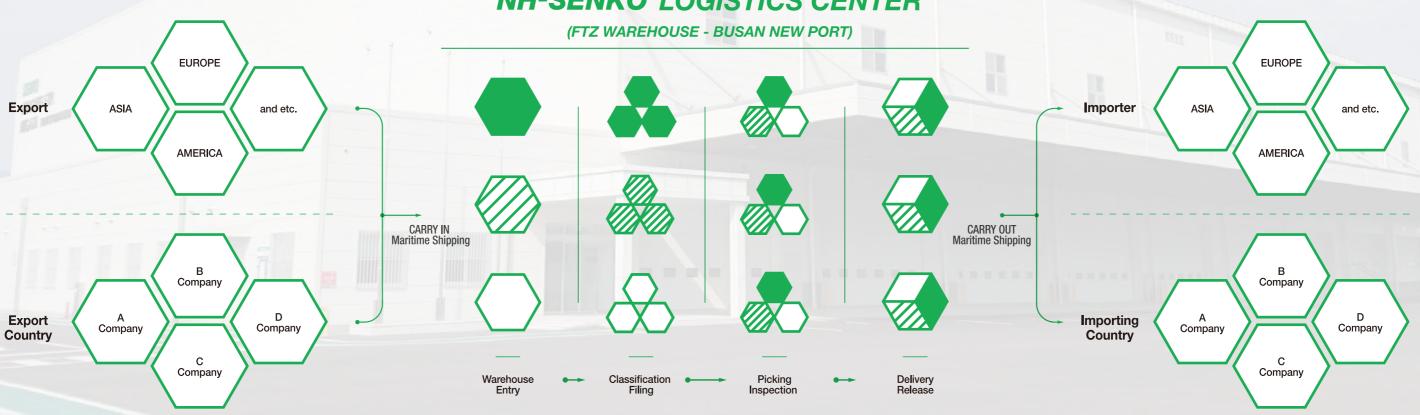

♠ 3PL

3PL means 3rd PARTY LOGISTICS.

It is the corporate services that outsource partial or entire services from export companies with total logistic service systems like NH-SENKO. We delegate and process every logistic work from import, export, storage, inventory management, and product dispatch shipping.

3PL Example

NH-SENKO LOGISTICS CENTER

POINT1

- · When cargos arrive at the NH-SENKO, they are sorted, arranged, and stored under classified exporters and released upon clients' requests.
- · Direct shipping service available to various international designations with specified quantity.

POINT2

- After separate cargo shipments from the same country are registered and stored at the NH-SENKO, goods could be sorted, packaged and released to each importers in the same country by specifications.
- · Depending on importer companies' requests, cargos can be classified, sorted, and released.
